

REPORTING & ANALYTICS • ENTERPRISE

See Every Minute, Every Dollar, Every Language

Monitor spend, utilization, response times, and language demand across your entire organization—with executive dashboards and export-ready reports.

Whether it's an IEP meeting, a patient consultation, a court proceeding, or a government service, SRH helps your team communicate without delay.

TRUSTED BY ✓ Schools ✓ Government ✓ Healthcare ✓ Courts ✓ Enterprises

THE CHALLENGE

As organizations grow, language services become harder to manage. Costs are spread across departments, reporting is manual, and answering simple questions like “What did we spend last quarter?” can take hours.

THE SOLUTION

SRH gives every department a single source of truth for language services. Track spend, utilization, response times, and performance across the organization—with reports ready whenever leadership asks.

FROM ACTIVITY TO INSIGHT

1

Everything Is Tracked

Each call, meeting, and project is logged automatically—no manual entry.

2

Filter & Segment

Break down by department, location, language, service, or date range.

3

Export & Report

Download board-ready spend and utilization reports on demand.
