

TEAM & ORGANIZATION MANAGEMENT • ENTERPRISE

Mirror Your Whole Organization in One Place

Model your districts, sites, departments, and teams exactly as they work—then give every person the right role, the right access, and the right services, all under one roof.

Whether it's an IEP meeting, a patient consultation, a court proceeding, or a government service, SRH helps your team communicate without delay.

THE CHALLENGE

Large organizations don't share one inbox. Each site, department, and team requests language services its own way—so access is inconsistent, oversight is thin, and onboarding a new coordinator is a scramble.

THE SOLUTION

SRH mirrors your real structure—organization, sites, departments, and teams—with role-based access on top. Invite members, assign roles, and control who can request what, while every location rolls up into one view.

FROM ORG CHART TO ACCESS

1

Build Your Structure

Set up districts, sites, departments, and teams to match how you actually operate.

2

Invite & Assign Roles

Add members and give each the right role—admin, manager, or requester.

3

Control & Roll Up

Set who can request which services; activity and spend roll up by unit.
